MR. NUGENT, from the Committee on Rules, submitted the following

REPORT

[To accompany H. Res. 667]

The Committee on Rules, having had under consideration House Resolution 667, by a record vote of 7 to 3, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 5743, the Intelligence Authorization Act for Fiscal Year 2013, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Permanent

Select Committee on Intelligence. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment in the nature of a substitute recommended by the Permanent Select Committee on Intelligence now printed in the bill shall be considered as original text for the purpose of amendment and shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute. The resolution makes in order only those amendments printed in this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report. The resolution provides one motion to recommit with or without instructions.

The resolution further provides for consideration of the following bills under open rules: H.R. 5854, the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2013; H.R. 5855, the Department of Homeland Security Appropriations Act, 2013; and H.R. 5325, the Energy and Water Development and Related Agencies Appropriations Act, 2013. The resolution provides one hour of general debate on each bill equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of each bill. The resolution waives points of order against provisions in each bill for failure to comply with clause 2 of rule XXI. Under the Rules of the House each bill shall be read for amendment by paragraph. The resolution provides that each bill shall be considered for amendment under the five-minute rule. The resolution provides that the Chair may accord priority in recognition to Members who have preprinted their amendments in the Congressional Record. Finally, the resolution provides one motion to recommit each bill with or without instructions.

EXPLANATION OF WAIVERS

Although the resolution waives all points of order against consideration of H.R. 5743, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waiver of all points of order against the amendment in the nature of a substitute to H.R. 5743, recommended by the Permanent Select Committee on Intelligence and made in order as original text, includes the following:

- A waiver of clause 4 of rule XXI, which prohibits a bill or joint resolution carrying an appropriation from being reported by a committee not having jurisdiction to report appropriations. Sections 401 and 403 of the bill as reported by the Permanent Select Committee on Intelligence fall within the jurisdiction of the Committee on Appropriations. However, the Manager's amendment, if adopted, would strike the offending provisions.

- A waiver of clause 7 of rule XVI because the bill as ordered reported by the Permanent Select Committee on Intelligence includes provisions that are not germane to the bill as introduced.

Although the resolution waives all points of order against the amendments to H.R. 5742 printed in this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

It is important to note that the estimate for H.R. 5743 provided by the Congressional Budget Office (CBO) to the Permanent Select Committee on Intelligence and the Committee on the Budget is incomplete due to the fact that CBO is only permitted to score the unclassified portions of the bill. Because the estimate is incomplete, the Chairman of the Committee on the Budget is unable to accurately advise the Chair on budget related points of order.

The waiver of all points of order against consideration of the three Appropriations measures includes the following:

- A waiver of clause 4(c) of rule XIII, against H.R. 5854, H.R. 5855, and H.R. 5325, which prohibits consideration of a general appropriations bill reported by the Committee on Appropriations in the House until the third calendar day on which printed hearings of the Committee on Appropriations thereon have been available to Members.
- A waiver of section 306 of the Congressional Budget Act, against H.R. 5854 and H.R. 5855, which prohibits consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee.

The resolution includes a waiver of points of order against provisions in the three Appropriations measures for failure to comply with clause 2 of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill. This waiver is necessary because the bill contains unauthorized appropriations and legislative provisions.
