
PROVIDING FOR CONSIDERATION OF THE BILL (H.R. 2273) TO AMEND SUBTITLE D OF THE SOLID WASTE DISPOSAL ACT TO FACILITATE RECOVERY AND BENEFICIAL USE, AND PROVIDE FOR THE PROPER MANAGEMENT AND DISPOSAL, OF MATERIALS GENERATED BY THE COMBUSTION OF COAL AND OTHER FOSSIL FUELS.

October 12, 2011.—Referred to the House Calendar and ordered to be printed.

MR. SCOTT (SC), from the Committee on Rules, submitted the following

REPORT

[To accompany H. Res.]

The Committee on Rules, having had under consideration House Resolution____, by a record vote of 5 to 2, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 2273, the Coal Residuals Reuse and Management Act, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Energy and Commerce. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment in the nature of a substitute recommended by the Committee on Energy and Commerce now printed in the bill shall be considered as an original bill for the purpose of amendment and shall be considered as read. The resolution waives all points of order against the committee amendment in the nature of a substitute. The resolution makes in order only those amendments printed in this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to

a demand for division of the question in the House or in the Committee of the Whole. All points of order against the amendments printed in this report are waived. Finally, the resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

Although the resolution waives all points of order against consideration of the bill, the Committee is not aware of any points of order against its consideration. The waiver of all points of order is prophylactic in nature.

Although the resolution waives all points of order against the committee amendment in the nature of a substitute to H.R. 2273, the Committee is not aware of any points of order against the amendment in the nature of a substitute. The waiver of all points of order is prophylactic in nature.

Although the resolution waives all points of order against the amendments printed in this report, the Committee is not aware of any points of order against the amendments. The waiver of all points of order is prophylactic in nature.

SUMMARY OF AMENDMENTS MADE IN ORDER

1. Shimkus (IL): Manager's Amendment. Would provide additional detail to the certification requirements that States would provide to EPA; would add certain operating criteria from Part 258 of 40 CFR, would clarify that states may request technical assistance from EPA; would add a savings clause for citizen suits; would add additional constituents for groundwater monitoring; would reiterate in the definition of revised criteria that the criteria were promulgated to protect human health and the environment. The amendment would make other technical and clarifying changes to H.R. 2273. (10 minutes)
2. Waxman (CA): Would require state programs to meet a legal standard of protection to ensure that human health and the environment are protected. (10 minutes)
3. Carney (DE): Would establish a time frame for bringing existing surface impoundments into compliance with revised criteria for design, groundwater monitoring, and corrective action. Would maintain state flexibility to opt-out (with certification) and would provide up to 10-year compliance window. (10 minutes)
4. Markey, Edward (MA): Would require the States to notify the public and the EPA and offer the opportunity to comment before a State establishes a program to regulate coal combustion waste. (10 minutes)
5. Rush (IL): Would provide federal enforcement authority so that if the EPA Administrator determines that a structure is in violation of a State coal combustion residuals permit program, and the State has not taken appropriate action to enforce such permit program with respect to such structure, the Administrator may inspect such structure and enforce the requirements of such permit program with respect to such structure. (10 minutes)
6. Jackson Lee (TX): Would require the Administrator of the EPA to submit a report to Congress on the long-term impacts of State coal combustion residuals permit programs on human health and the environment within five years of enactment of the legislation. (10 minutes)
