5 ference report makes appropriations for fiscal year 2012
6 or fiscal year 2013 for overseas contingency operations
7 and such amounts are so designated pursuant to this para-
8 graph, then the allocation to the House Committee on Ap-
9 propriations may be adjusted by the amounts provided in
10 such legislation for that purpose up to the amounts of
11 budget authority specified in section 102(21) for fiscal
12 year 2012 or fiscal year 2013 and the new outlays result-
13 ing from that budget authority.

14 (c) DISASTER RELIEF.—In the House, if any bill,
15 joint resolution, amendment, or conference report makes
16 appropriations for discretionary amounts and such
17 amounts are designated for disaster relief pursuant to this
18 subsection, then the allocation to the Committee on Ap-
19 propriations, and as necessary, the aggregates in this reso-
20 lution, shall be adjusted by the amount of new budget au-
21 thority and outlays up to the amounts provided under sec-
22 tion 251(b)(2)(D) of the Balanced Budget and Emergency
23 Deficit Control Act of 1985.

24 (d) PROCEDURE FOR ADJUSTMENTS.—Prior to con-
25 sideration of any bill, joint resolution, amendment, or con-

1 **SEC. 305. APPLICATION AND EFFECT OF CHANGES IN ALLO-**
2 **CATIONS AND AGGREGATES.**

3 (a) APPLICATION.—In the House, any adjustments of
4 allocations and aggregates made pursuant to this resolu-
5 tion shall—

6 (1) apply while that measure is under consider-
7 ation;

8 (2) take effect upon the enactment of that
9 measure; and

10 (3) be published in the Congressional Record as
11 soon as practicable.

12 (b) EFFECT OF CHANGED ALLOCATIONS AND AG-
13 GREGATES.—Revised allocations and aggregates resulting
14 from these adjustments shall be considered for the pur-
15 poses of the Congressional Budget Act of 1974 as alloca-
16 tions and aggregates included in this resolution.

17 (c) ADJUSTMENTS.—The chairman of the House
18 Committee on the Budget may adjust the aggregates, allo-
19 cations, and other levels in this resolution for legislation
20 which has received final congressional approval in the
21 same form by the House of Representatives and the Sen-
22 ate, but has yet to be presented to or signed by the Presi-
23 dent at the time of final consideration of this resolution.

24 **SEC. 306. REINSTATEMENT OF PAY-AS-YOU-GO.**

25 In the House, and pursuant to section 301(b)(8) of
26 the Congressional Budget Act of 1974, for the remainder

1 of the 112th Congress, the following shall apply in lieu
2 of “CUTGO” rules and principles:

3 (1) (A) Except as provided in paragraphs (2)
4 and (3), it shall not be in order to consider any bill,
5 joint resolution, amendment, or conference report if
6 the provisions of such measure affecting direct
7 spending and revenues have the net effect of increas-
8 ing the on-budget deficit or reducing the on-budget
9 surplus for the period comprising either—

10 (i) the current year, the budget year, and
11 the four years following that budget year; or

12 (ii) the current year, the budget year, and
13 the nine years following that budget year.

14 (B) The effect of such measure on the deficit
15 or surplus shall be determined on the basis of esti-
16 mates made by the Committee on the Budget.

17 (C) For the purpose of this section, the terms
18 “budget year”, “current year”, and “direct spend-
19 ing” have the meanings specified in section 250 of
20 the Balanced Budget and Emergency Deficit Control
21 Act of 1985, except that the term “direct spending”
22 shall also include provisions in appropriation Acts
23 that make outyear modifications to substantive law
24 as described in section 3(4) (C) of the Statutory
25 Pay-As-You-Go Act of 2010.

1 (2) If a bill, joint resolution, or amendment is
2 considered pursuant to a special order of the House
3 directing the Clerk to add as new matter at the end
4 of such measure the provisions of a separate meas-
5 ure as passed by the House, the provisions of such
6 separate measure as passed by the House shall be
7 included in the evaluation under paragraph (1) of
8 the bill, joint resolution, or amendment.

9 (3)(A) Except as provided in subparagraph (B),
10 the evaluation under paragraph (1) shall exclude a
11 provision expressly designated as an emergency for
12 purposes of pay-as-you-go principles in the case of a
13 point of order under this clause against consider-
14 ation of—

- 15 (i) a bill or joint resolution;
16 (ii) an amendment made in order as origi-
17 nal text by a special order of business;
18 (iii) a conference report; or
19 (iv) an amendment between the Houses.

20 (B) In the case of an amendment (other than
21 one specified in subparagraph (A)) to a bill or joint
22 resolution, the evaluation under paragraph (1) shall
23 give no cognizance to any designation of emergency.

24 (C) If a bill, a joint resolution, an amendment
25 made in order as original text by a special order of

1 business, a conference report, or an amendment be-
2 tween the Houses includes a provision expressly des-
3 ignated as an emergency for purposes of pay-as-you-
4 go principles, the Chair shall put the question of
5 consideration with respect thereto.

6 **SEC. 307. EXERCISE OF RULEMAKING POWERS.**

7 The House adopts the provisions of this title—

8 (1) as an exercise of the rulemaking power of
9 the House of Representatives and as such they shall
10 be considered as part of the rules of the House, and
11 these rules shall supersede other rules only to the
12 extent that they are inconsistent with other such
13 rules; and

14 (2) with full recognition of the constitutional
15 right of the House of Representatives to change
16 those rules at any time, in the same manner, and to
17 the same extent as in the case of any other rule of
18 the House of Representatives.

19 **TITLE IV—POLICY**

20 **SEC. 401. POLICY OF THE HOUSE ON JOBS: MAKE IT IN**
21 **AMERICA.**

22 (a) FINDINGS.—The House finds that—

23 (1) the economy entered a deep recession in De-
24 cember 2007;

1 (2) a financial crisis in 2008 worsened the situ-
2 ation and by January 2009, the private sector was
3 shedding 840,000 jobs per month;

4 (3) actions by the President, Congress, and the
5 Federal Reserve helped stem the crisis, and job cre-
6 ation resumed in 2010;

7 (4) the economy has created 3.9 million private
8 jobs over the past 24 consecutive months;

9 (5) as part of a “Make it in America” agenda,
10 U.S. manufacturing has been leading the Nation’s
11 economic recovery as domestic manufacturers regain
12 their economic and competitive edge and a wave of
13 insourcing jobs from abroad begins;

14 (6) despite the job gains already made, job
15 growth needs to accelerate and continue for an ex-
16 tended period of time in order for the economy to
17 fully recover from the recession; and

18 (7) job creation is vital to nation-building at
19 home and to deficit reduction – CBO has noted that
20 if the country were at full employment, the deficit
21 would be about one-third lower than it is today.

22 (b) POLICY.—

23 (1) IN GENERAL.—It is the policy of this reso-
24 lution that Congress should pursue a “Make it in
25 America” agenda with a priority to consider and

1 enact legislation to help create jobs, remove incen-
2 tives to out-source jobs overseas, and instead sup-
3 port incentives that bring jobs back to the U.S.

4 (2) JOBS.—This resolution—

5 (A) assumes enactment of—

6 (i) the President's \$50 billion imme-
7 diate transportation jobs package;

8 (ii) other measures proposed in the
9 American Jobs Act and reflected in the
10 President's budget; and

11 (iii) the President's proposed surface
12 transportation legislation;

13 (B) assumes \$1 billion for the President's
14 proposal to establish a Veterans Job Corps;

15 (C) assumes \$80 billion in education jobs
16 funding for the President's initiatives to pro-
17 mote jobs now while also creating an infrastruc-
18 ture that will help students learn and create a
19 better future workforce, including \$30 billion
20 for rebuilding at least 35,000 public schools,
21 \$25 billion to prevent hundreds of thousands of
22 educator layoffs, and \$8 billion to help commu-
23 nity colleges train 2 million workers in high-
24 growth industries with skills that will lead di-
25 rectly to jobs; and

1 (D) establishes a reserve fund that would
2 allow for passage of additional job creation
3 measures, including further infrastructure im-
4 provements or other spending or revenue pro-
5 posals.

6 **SEC. 402. POLICY OF THE HOUSE ON SEQUESTRATION.**

7 (a) FINDINGS.—The House finds that—

8 (1) the Budget Control Act of 2011 called upon
9 the Joint Select Committee on Deficit Reduction and
10 the Congress to enact legislation to achieve \$1.2 tril-
11 lion in savings;

12 (2) the Joint Select Committee could not reach
13 agreement and did not report savings legislation to
14 the Congress;

15 (3) failure to enact the required savings trig-
16 gered sequestration procedures as required under
17 the Budget Control Act; and

18 (4) this resolution assumes the enactment of
19 savings in excess of \$1.2 trillion, negating the need
20 for sequestration to achieve the savings.

21 (b) POLICY.—It is the policy of the House that para-
22 graphs (3) through (11) of section 251A of the Balanced
23 Budget and Emergency Deficit Control Act, as amended
24 by the Budget Control Act of 2011, shall be repealed.

1 **SEC. 403. POLICY OF THE HOUSE ON TAKING A BALANCED**
2 **APPROACH TO DEFICIT REDUCTION.**

3 (a) FINDINGS.—The House finds that—

4 (1) the President's budget request and every bi-
5 partisan analysis of the Nation's future fiscal path
6 have recommended deficit reduction through a bal-
7 anced approach that includes both spending and rev-
8 enue; and

9 (2) The President's choices represent the right
10 general balance of changes to spending and revenue.

11 (b) POLICY.—It is the policy of this resolution to re-
12 duce the deficit through a similar balance of spending and
13 revenue changes. The resolution does not endorse any spe-
14 cific spending cuts or revenue proposals unless they are
15 expressly stated in this resolution.

16 **SEC. 404. POLICY OF THE HOUSE ON SOCIAL SECURITY RE-**
17 **FORM THAT PROTECTS WORKERS AND RE-**
18 **TIREES.**

19 (a) FINDINGS.—The House finds that—

20 (1) Social Security is America's most important
21 retirement resource, especially for seniors, because it
22 provides an income floor to keep them, their spouses
23 and their survivors out of poverty during retirement
24 — benefits earned based on their past payroll con-
25 tributions;

1 (2) in 2011, 55 million people relied on Social
2 Security;

3 (3) Social Security benefits are modest, with an
4 average annual benefit for retirees of less than
5 \$15,000, while the average total retirement income
6 is less than \$26,000 per year;

7 (4) diverting workers' payroll contributions to-
8 ward private accounts undermines retirement secu-
9 rity and the social safety net by subjecting the work-
10 ers' retirement decisions and income to the whims of
11 the stock market;

12 (5) diverting trust fund payroll contributions
13 toward private accounts jeopardizes Social Security
14 because the program will not have the resources to
15 pay full benefits to current retirees; and

16 (6) privatization increases Federal debt because
17 the Treasury will have to borrow additional funds
18 from the public to pay full benefits to current retir-
19 ees.

20 (b) POLICY.—It is the policy of this resolution that
21 Social Security should be strengthened for its own sake
22 and not to achieve deficit reduction. Because privatization
23 proposals are fiscally irresponsible and would put the re-
24 tirement security of seniors at risk, any Social Security

1 reform legislation shall reject partial or complete privat-
2 ization of the program.

3 **SEC. 405. POLICY OF THE HOUSE ON PROTECTING THE**
4 **MEDICARE GUARANTEE FOR SENIORS.**

5 (a) FINDINGS.—The House finds that—

6 (1) senior citizens and persons with disabilities
7 highly value the Medicare program and rely on
8 Medicare to guarantee their health and financial se-
9 curity;

10 (2) in 2011, nearly 50 million people relied on
11 Medicare for coverage of hospital stays, physician
12 visits, prescription drugs, and other necessary med-
13 ical goods and services;

14 (3) the Medicare program has lower administra-
15 tive and program costs than private insurance for a
16 given level of benefits;

17 (4) excess health care cost growth is not unique
18 to Medicare or other Federal health programs, it is
19 endemic to the entire health care system;

20 (5) destroying the Medicare program and re-
21 placing it with a voucher or premium support for the
22 purchase of private insurance that fails to keep pace
23 with growth in health costs will expose seniors and
24 persons with disabilities on fixed incomes to unac-
25 ceptable financial risks;

1 (6) shifting excess health care cost growth onto
2 Medicare beneficiaries would not reduce overall
3 health care costs, instead it would mean beneficiaries
4 would face higher premiums, eroding coverage, or
5 both; and

6 (7) versions of voucher or premium-support
7 policies that do not immediately end the traditional
8 Medicare program will merely cause traditional
9 Medicare to weaken and wither away.

10 (b) **POLICY.**—It is the policy of the House that the
11 Medicare guarantee for seniors and persons with disabil-
12 ities should be preserved and strengthened, and that any
13 legislation to end the Medicare guarantee and shift rising
14 health care costs onto seniors by replacing Medicare with
15 vouchers or premium support for the purchase of private
16 insurance should be rejected.

17 **SEC. 406. POLICY OF THE HOUSE ON AFFORDABLE HEALTH**
18 **CARE COVERAGE FOR WORKING FAMILIES.**

19 (a) **FINDINGS.**—The House finds that—

20 (1) making health care coverage affordable and
21 accessible for all American families will improve
22 families' health and economic security, which will
23 make the economy stronger;

24 (2) the Affordable Care Act signed into law in
25 2010 will expand coverage to more than 30,000,000

1 Americans and bring costs down for families and
2 small businesses;

3 (3) consumers are already benefitting from the
4 Affordable Care Act's provisions to hold insurance
5 companies accountable for their actions and to end
6 long-standing practices such as denying coverage to
7 children based on pre-existing conditions, imposing
8 lifetime limits on coverage that put families at risk
9 of bankruptcy in the event of serious illness, and
10 dropping an enrollee's coverage once the enrollee be-
11 comes ill based on a simple mistake in the enrollee's
12 application;

13 (4) the Affordable Care Act reforms Federal
14 health entitlements by using nearly every health
15 cost-containment provision experts recommend, in-
16 cluding new incentives to reward quality and coordi-
17 nation of care rather than simply quantity of serv-
18 ices provided, new tools to crack down on fraud, and
19 the elimination of excessive taxpayer subsidies to
20 private insurance plans, and as a result will slow the
21 projected annual growth rate of national health ex-
22 penditures by 0.3 percentage points after 2016, the
23 essence of "bending the cost curve"; and

1 (5) the Affordable Care Act will reduce the
2 Federal deficit by more than \$1,000,000,000,000
3 over the next 20 years.

4 (b) **POLICY.**—It is the policy of the House that the
5 law of the land should support making affordable health
6 care coverage available to every American family, and
7 therefore the Affordable Care Act should not be repealed.

8 **SEC. 407. POLICY OF THE HOUSE ON MEDICAID.**

9 (a) **FINDINGS.**—The House finds that—

10 (1) Medicaid is a central component of the Na-
11 tion’s health care safety net, providing health cov-
12 erage to 28 million low-income children, 5 million
13 senior citizens, 10 million people with disabilities,
14 and 14 million other low-income people who would
15 otherwise be unable to obtain health insurance;

16 (2) senior citizens and people with disabilities
17 account for two-thirds of Medicaid program spend-
18 ing and consequently would be at particular risk of
19 losing access to important health care assistance
20 under any policy to sever the link between Medicaid
21 funding and the actual costs of providing services to
22 the currently eligible Medicaid population;

23 (3) Medicaid pays for 43 percent of long-term
24 care services in the United States, providing a crit-
25 ical health care safety net for senior citizens and

1 people with disabilities facing significant costs for
2 long-term care; and

3 (4) at least 70 percent of people over age 65
4 will likely need long-term care services at some point
5 in their lives.

6 (b) POLICY.—It is the policy of the House that the
7 important health care safety net for children, senior citi-
8 zens, people with disabilities, and other vulnerable Ameri-
9 cans provided by Medicaid should be preserved and should
10 not be dismantled by converting Medicaid into a block
11 grant that is incapable of responding to increased need
12 that may result from trends in health care costs or eco-
13 nomic conditions.

14 **SEC. 408. POLICY OF THE HOUSE ON OVERSEAS CONTIN-**
15 **GENCY OPERATIONS.**

16 (a) FINDINGS.—The House finds that it is the stated
17 position of the Administration that Afghan troops will
18 take the full lead for security operations in Afghanistan
19 by the end of 2014.

20 (b) POLICY.—It is the policy of this resolution that
21 consistent with the Administration's stated position, no
22 funding shall be provided for operations in Afghanistan
23 through the Overseas Contingency Operations budget be-
24 yond 2014.

1 **SEC. 409. POLICY OF THE HOUSE ON NATIONAL SECURITY.**

2 (a) FINDINGS.—The House finds that—

3 (1) we must continue to support a strong mili-
4 tary that is second to none and the size and the
5 structure of our military and defense budgets have
6 to be driven by a strategy;

7 (2) a growing economy is the foundation of our
8 security and enables the country to provide the re-
9 sources for a strong military, sound homeland secu-
10 rity agencies, and effective diplomacy and inter-
11 national development;

12 (3) because it puts our economy at risk, the
13 Nation's debt is an immense security threat to our
14 country, just as former Chairman of the Joint
15 Chiefs of Staff Admiral Mullen has stated, and we
16 must have a deficit reduction plan that is serious
17 and realistic;

18 (4) the bipartisan National Commission on Fis-
19 cal Responsibility and Reform and the bipartisan
20 Rivlin-Domenici Debt Reduction Task Force con-
21 cluded that a serious and balanced deficit reduction
22 plan must put national security programs on the
23 table;

24 (5) from 2001 to 2010, the “base” Pentagon
25 budget nearly doubled and, in 2010, the U.S. spent
26 more on defense than the next 17 countries com-

1 bined (and more than half of the amount spent by
2 those 17 countries was from seven NATO countries
3 and four other close allies);

4 (6) last year, Admiral Mullen argued that the
5 permissive budget environment had allowed the Pen-
6 tagon to avoid prioritizing;

7 (7) more can be done to rein in wasteful spend-
8 ing at the Nation's security agencies, including the
9 Department of Defense – the last department still
10 unable to pass an audit – such as the elimination of
11 duplicative programs that were identified in a report
12 issued last year by the Government Accountability
13 Office;

14 (8) effective implementation of weapons acquisi-
15 tion reforms at the Department of Defense can help
16 control excessive cost growth in the development of
17 new weapons systems and help ensure that weapons
18 systems are delivered on time and in adequate quan-
19 tities to equip our servicemen and servicewomen;

20 (9) the Department of Defense should continue
21 to review defense plans to ensure that weapons de-
22 veloped to counter Cold War-era threats are not re-
23 dundant and are applicable to 21st century threats,
24 which should include, with the participation of the
25 National Nuclear Security Administration, examina-

1 tion of requirements for the nuclear weapons stock-
2 pile, nuclear weapons delivery systems, and nuclear
3 weapons and infrastructure modernization;

4 (10) more than 94 percent of the increase in
5 the Federal civilian workforce since 2001 is due to
6 increases at security-related agencies—Department
7 of Defense (31 percent), Department of Homeland
8 Security (32 percent), Department of Veterans Af-
9 fairs (26 percent), and Department of Justice (6
10 percent)—and the increase, in part, represents a
11 transition to ensure civil servants, as opposed to pri-
12 vate contractors, are performing inherently govern-
13 mental work and an increase to a long-depleted ac-
14 quisition and auditing workforce at the Pentagon to
15 ensure effective management of weapons systems
16 programs, to eliminate the use of contractors to
17 oversee other contractors, and to prevent waste,
18 fraud, and abuse;

19 (11) proposals to implement an indiscriminate
20 10 percent across-the-board cut to the Federal civil-
21 ian workforce would adversely affect security agen-
22 cies, leaving them unable to manage their total
23 workforce, which includes contractors, and their op-
24 erations in a cost-effective manner;

1 (12) ballistic missile defense technologies that
2 are not proven to work through adequate testing and
3 that are not operationally viable should not be de-
4 ployed, and that no funding should be provided for
5 the research or development of space-based intercep-
6 tors;

7 (13) cooperative threat reduction and other
8 nonproliferation programs (securing “loose nukes”
9 and other materials used in weapons of mass de-
10 struction), which were highlighted as high priorities
11 by the 9/11 Commission, need to be funded at a
12 level that is commensurate with the evolving threat;
13 and

14 (14) the Department of Defense should make
15 every effort to investigate the national security bene-
16 fits of energy independence, including those that
17 may be associated with alternative energy sources
18 and energy efficiency conversions.

19 (b) POLICY.—It is the policy of this resolution that—

20 (1) the sequester required by the Budget Con-
21 trol Act of 2011 should be rescinded and replaced by
22 a deficit reduction plan that is balanced, that makes
23 smart spending cuts, that requires everyone to pay
24 their fair share, and that takes into account a com-
25 prehensive national security strategy that includes

1 careful consideration of international, defense, home-
2 land security, and law enforcement programs; and

3 (2) the Administration shall provide an addi-
4 tional bonus to members of the Armed Forces who
5 serve in harm's way. This bonus shall be provided
6 from savings that are achieved by increasing effi-
7 ciencies, eliminating duplicative programs, and rein-
8 ing in waste, fraud, and abuse at the Nation's secu-
9 rity agencies.

10 **SEC. 410. POLICY OF THE HOUSE ON TAX REFORM AND**
11 **DEFICIT REDUCTION.**

12 (a) FINDINGS.—The House finds that—

13 (1) the House must pursue deficit reduction
14 through reform of the tax code, which contains nu-
15 merous tax breaks for special interests;

16 (2) these special tax breaks can greatly com-
17 plicate the effort to administer the code and the tax-
18 payer's ability to fully comply with its terms, while
19 also undermining our basic sense of fairness;

20 (3) the corporate income tax does include a
21 number of incentives that help spur economic growth
22 and innovation, such as extending the research and
23 development credit and clean energy incentives;

24 (4) but tax breaks for special interests can also
25 distort economic incentives for businesses and con-

1 sumers and encourage businesses to ship American
2 jobs and capital overseas for tax purposes; and

3 (5) the President's National Commission on
4 Fiscal Responsibility and Reform observed that the
5 corporate income tax is riddled with special interest
6 tax breaks and subsidies, is badly in need of reform,
7 and it proposed to streamline the code, capturing
8 some of the savings in the process, to achieve deficit
9 reduction in a more balanced way.

10 (b) POLICY.—

11 (1) POLICY ON INDIVIDUAL INCOME TAXES.—

12 (A) The President and this resolution ex-
13 tend the middle class tax cuts, provide long-
14 term relief from the Alternative Minimum Tax
15 for tens of millions of middle class American
16 families, and discontinue the additional estate
17 tax relief resulting from the increased estate tax
18 exemption and reduced maximum tax rate en-
19 acted in 2010.

20 (B) The President and this resolution as-
21 sume the revenue from returning to the top two
22 tax rates that were in effect when President
23 Clinton left office. The National Commission on
24 Fiscal Responsibility and Reform plan also as-

1 sumes the revenue from returning to those top
2 two tax rates for top earners.

3 (C) The President and this resolution ex-
4 tend policies that re-invest in domestic manu-
5 facturing; build up the renewable energy pro-
6 duction capacity of the United States in order
7 to limit our reliance on foreign oil; expand ac-
8 cess to higher education; and support saving
9 and capital formation.

10 (D) This resolution encourages the House
11 Committee on Ways and Means to consider the
12 various proposals made by the National Com-
13 mission on Fiscal Responsibility and Reform to
14 limit tax expenditures and raise revenue for def-
15 icit reduction; and expressly rejects the ap-
16 proach in the Republican resolution that pro-
17 vides millionaires with even larger tax cuts at
18 the expense of middle-income taxpayers. This
19 resolution protects middle-income taxpayers
20 with adjusted gross incomes below \$200,000
21 (\$250,000 for married couples) and encourages
22 the House Committee on Ways and Means to
23 raise the revenue necessary in this resolution
24 through tax expenditure reform proposals that
25 would apply to households with over \$1 million

1 in adjusted gross income, consistent with the
2 National Commission on Fiscal Responsibility
3 and Reform's proposals to limit tax expendi-
4 tures.

5 (E) In particular, this resolution encour-
6 ages the House Committee on Ways and Means
7 to consider various proposals for implementing
8 a "Buffett Rule" – reflecting billionaire investor
9 Warren Buffett's realization that he faces a
10 lower effective tax rate than his secretary – to
11 ensure that middle class families do not face
12 higher effective tax rates than the wealthiest
13 members of society.

14 (2) POLICY ON CORPORATE INCOME TAXES.—

15 (A) The President and this resolution pro-
16 pose elimination of subsidies for the major inte-
17 grated oil and gas companies, and pernicious
18 tax breaks that reward U.S. corporations that
19 ship American jobs – rather than products –
20 overseas for tax purposes.

21 (B) This resolution adopts those and other
22 pro-growth corporate tax incentives in the
23 President's proposals, such as: enhancing incen-
24 tives for domestic manufacturing to support a
25 "Make it in America" agenda, including pro-

1 viding a tax credit for companies that return
2 operations and jobs to the U.S. while elimi-
3 nating tax breaks for companies that move op-
4 erations and jobs overseas; closing loopholes
5 that allow businesses to avoid taxes, by sub-
6 jecting more of their foreign earnings sheltered
7 in tax havens to U.S. taxation; extending the

10 (C) This resolution therefore urges the
11 House Committee on Ways and Means to con-
12 sider the President's framework for business
13 tax reform in determining how to best overhaul
14 our corporate tax code so that it promotes eco-
15 nomic growth and domestic job creation without
16 increasing the deficit and the debt.

17 **SEC. 411. POLICY OF THE HOUSE ON AGRICULTURE SPEND-**
18 **ING.**

19 It is the policy of this resolution that the House Com-
20 mittee on Agriculture should reduce spending in farm pro-
21 grams that provide direct payments to producers even in
22 robust markets and in times of bumper yields. The com-
23 mittee should also find ways to focus assistance away from
24 wealthy agribusinesses and toward struggling family farm-
25 ers in a manner that protects jobs and economic growth

1 while preserving the farm and nutrition safety net. Fi-
2 nally, it is the policy of this resolution that no Member
3 of Congress should personally receive agriculture com-
4 modity payments, in any calendar year, the total of which
5 exceeds 15 percent of the annual rate of basic pay for level
6 II of the Executive Schedule under section 5313 of title
7 5, United States Code, as of January 1 of such calendar
8 year.

9 **SEC. 412. POLICY OF THE HOUSE ON THE USE OF TAX-**
10 **PAYER FUNDS.**

11 It is the policy of this resolution that the House of
12 Representatives should lead by example and identify any
13 savings that can be achieved through greater productivity
14 and efficiency gains in the operation and maintenance of
15 House services and resources like printing, conferences,
16 utilities, telecommunications, furniture, grounds mainte-
17 nance, postage, and rent. This should include a review of
18 policies and procedures for acquisition of goods and serv-
19 ices to eliminate any unnecessary spending. The Com-
20 mittee on House Administration shall review the policies
21 pertaining to the services provided to Members of Con-
22 gress and House Committees, and shall identify ways to
23 reduce any subsidies paid for the operation of the House
24 gym, Barber shop, Salon, and the House dining room.
25 Further, it is the policy of this resolution that no taxpayer

- 1 funds may be used to purchase first class airfare or to
- 2 lease corporate jets for Members of Congress.

Amend the title so as to read: "Concurrent resolution setting forth the congressional budget for the United States Government for fiscal year 2013 and including the appropriate budgetary levels for fiscal year 2012 and fiscal years 2014 through 2022."
